Next day, mum decided to stay with Mrs Tsukiji, as she was going somewhere in the afternoon, but didn't have any plan in the morning and didn't have a car, as she got lift with someone else who didn't stay overnight. So she dropped Mayumi, myself and the boys off at the family farm park near by. It was saying it's like a little Switzerland, but it was nothing like it to be honest!! Both Mayumi and I have been to Switzerland before so we were laughing about it! Boys found the rides again! I found Thomas the tank engine is popular here as well . . . There was no customers around when we were there so the guy gave them free ride on this train! Lucky them! They chose Bertie (also Thomas character) to ride around this time. Well, after riding a horse in Kodomo no kuni, Zac decided he loves horse riding. So this time, he wanted to do it without me suggesting! Pretty happy about that :) He is riding well here is the video clip. Fidel was saying hello to the calf. He wasn't sure whether it was safe to give it a pat at this stage. But got this close in the end!! This was the first time Zac actually rode on the carousel horse. In the past, he always wanted to sit in the wagon. I think he feels safer there . . . as they don't move up and down! He is slowly getting more adventurous these days!! I think this is the fastest ride he's ever been on. And look at this smile HE LIKES IT!! As everything else was pretty boring, he rode on this car ride 8 times!!! As you can't tell the speed of this ride from the photo, I will also include the video clip. But you won't be able to see his facial expressions from the video, so I had to include photo as well!
